Education

National University of Science and Technology POLITEHNICA Bucharest, BSc in Computer Science Sept 2024 – Present

- **Coursework:** Computer Programming, Computer Organization and Assembly Languages, Data Structures, Fundamentals of Electrical Engineering, Logical Design

Ovidius Theoretical High School Sept 2020 – June 2024

- **Specialization:** Mathematics and Computer Science

Experience

Volunteer, Festivalul De Artă – Techirghiol, Constanța Aug 2022 – July 2024

- Automated the generation of event tickets and invitations, improving efficiency significantly
- Designed event tickets and invitations
- Aided in the organization of various events, including plays, craft fairs, film and theater workshops, etc.

Projects

CLI Image Editor 2025

- Created as part of coursework, this CLI image editor can handle NetPBM formats without using external parsing libraries.
- Implemented manual file I/O and pixel-level **image manipulation algorithms** (rotation, cropping, blurring, sharpening, edge detection) by operating directly on RGB matrices.
- Tested functionality using the official course test suite; gained practical understanding of **low-level file manipulation** and data representation.
- **Tools Used:** C, VS Code

Game Hub 2024

- Built a web application allowing users to browse, search and sort video games using data from the **RAWG.io API**.
- Developed and integrated the frontend entirely in **React and TypeScript**, ensuring a clean and responsive user interface.
- Deployed via Vercel for accessibility and performance testing.
- **Tools Used:** React, TypeScript, RAWG.io API, Vercel (deployment)

Logo for the National Geography Olympiad, Romania 2024

- Designed and refined a logo for the National Geography Olympiad of Romania, which was used during the event in Constanța
- **Tools Used:** Adobe Illustrator, Adobe Photoshop

Custom Event Tickets and Invitations 2022

- Designed & automated generation of custom event tickets and invitations for the Art Festival in Techirghiol, Constanța
- **Tools Used:** Adobe Illustrator, Adobe InDesign

Skills and Certifications

Languages: C, JavaScript, Python, Typescript

Technologies: Flask, React, MySQL (Oracle Certification), Django

Software: Adobe Illustrator, Adobe Photoshop, Adobe InDesign

Awards

Mention at the National Linguistics Olympiad, Romania 2022
